

OUR VALVES ARE ON THE *MOVE*

DELIVERING BUTTERFLY VALVES FASTER THAN EVER!

Our state of the art manufacturing campus in Europe continues to increase production output and reduce lead times on our world renowned APV hygienic valves.

This allows us to offer **market-competitive delivery times** for over 50 common models of manual and automated SV1 and SVS1F butterfly valves on orders from Bydgoszcz manufacturing campus to over 100 countries worldwide*.

Ask your sales representative for details on our **Fast Delivery 5-Day Butterfly Valve Lead Time Program**, for butterfly valves available in as little as 5 days.

This program is especially beneficial for:

- Shortening project timelines
- Emergency spare valves
- Late-stage project add-on valves

*Butterfly valve orders placed with SPX FLOW facilities in Delavan, WI USA or Xidu China are not eligible for 5-day delivery.

SPX FLOW Hermana Frankego 9, 85-862 Bydgoszcz, Poland
