

## Seital Separators - Brewery

### PRODUCT HIGHLIGHTS

### WHY SPX FLOW?

The Seital brand provides expertise, performance and efficiencies not available from other manufacturers. Expanded model offerings provide a duty specific design and not a "one size fits all" Separator. Manual, automatic and standardizing units provide simple installation and process integration.

### FEATURES

- Optimum utilization of disk surface area
- Hydraulic or mechanical seals
- Fast and accurate discharge
- Stand alone or packaged systems
- High acceleration speeds
- Skidded systems
- Direct Gear or V-Belt drive models

### BENEFITS

- Minimizes CO<sub>2</sub> loss and Oxygen pickup
- Compact footprint
- Increase separation efficiency
- High equivalent area of separation
- Reduced installation required
- Faster installations
